

# NATIONAL ENERGY CONSERVATION DAY CELEBRATION

Mahatma Gandhi Institute of Rural Energy and Development is a Southern Regional Institute established with the assistance of Ministry of New and Renewable Energy, Government of India and the Department of Rural Development and Panchayath Raj, Government of Karnataka. The Institute is a registered society set up in the year 2000 to cater to the training needs of Southern States/Union Territories in the field of Renewable energy, Energy Conservation, Environmental Protection, Rainwater Harvesting, etc.

## **About National Energy conservation day:**

National energy conservation day in India is celebrated on every 14th December to aware people about the importance of energy as well as saving or conserving the more energy by using less energy. Using energy efficiently is very necessary to save it for the future usage. Energy conservation should be rooted in the behaviour of every human being to get more effect towards the plan of energy conservation.

One can save the energy by deeply taking care of it such as turning off the unnecessarily running fans, lights, Televisions, heater, transport vehicles and other electric things of daily usage.

Fossil fuels, Crude oil, Coal, natural gas and etc generate sufficient energy for the use in daily life but increasing the demands of it day by day creates the fear of reducing or diminishing the natural resources.

## **Objectives of National Energy Conservation Day**

National energy conservation day is celebrated every year using particular theme of the year

- It is celebrated to send the message of importance of conserving energy in the every walk of life among students and public.
- Promoting the way of process of energy conservation by organizing events such as workshops, competitions.
- Promote people for less energy usage by neglecting the excessive and wasteful uses.
- Encourage people for efficient energy use in order to decrease the energy consumption and prevent the energy loss.
- Promoting Renewable Energy applications for decreasing the energy demand and Global warming.

To make the campaign of national energy conservation more effective and special , MGIRED is organizing one day Exhibition and Competition for Bengaluru urban and Bengaluru rural District School children (5th standard to 10th standard)

**Theme Topic such as:**

**Category-I : For Models**

1. Energy Saving
2. Energy Management
3. Renewable energy
4. Environment pollution control
5. Clean Energy Conversion Technologies.

**Category-II: For Painting**

1. Energy Saving
2. Energy Management
3. Renewable energy
4. Environment pollution control

Students, who take part in the competition and win, will be provided participation certificate and Prize. (Competition for Government and Private schools will be held separately.)

**Event Date:** 14/12/2018

**Venue:** Mahatma Gandhi Institute of Rural Energy and Development, Srirampura Cross, Jakkur, Bengaluru-560064

**Note:**

1. Interested Bengaluru urban and Bengaluru rural district Schools to register their names on or before 6th December 2018. (Registration form is available at [www.mgired.kar.nic.in](http://www.mgired.kar.nic.in))
  2. Fill the registration form and send it to [mgiredblr@gmail.com](mailto:mgiredblr@gmail.com) or MGIRED, Srirampura cross, Jakkur, Bengaluru-560064 on or before 06/12/2018.
  3. Maximum of 2 teams per school is allowed to take part in the competition.
  4. Separate competition will be held for 5<sup>th</sup> to 7<sup>th</sup> standard and 8<sup>th</sup> to 10<sup>th</sup> standard.
